

SPECIFICATION SHEET

12 -inch (300mm) 1,000W Powered Subwoofer

The SSW-5 is a high-performance powered subwoofer utilizing a front-firing 12-inch (300mm) pure pulp cone, cast-frame woofer with a 4-inch (100mm) voice coil and dual front-firing tuned ports. A 1,000-Watt RMS amplifier provides sonic impact, and a full complement of inputs and controls make for easy system integration. The cabinet design includes a black satin wood veneer finish with a magnetically attached cloth grille bringing an element of modest style to any room. Designed to complement any of the JBL Synthesis Custom Loudspeakers (SCL Series), the SSW-5 delivers powerful dynamics and incredibly accurate low frequency sound reproduction for true high-fidelity sound in medium to large rooms.

Features

- Advanced 1,000-Watt RMS amplifier for powerful dynamics
- 12-inch (300mm) black pure-pulp cone, cast frame woofer with 4-inch (100mm) voice coil
- Bass-reflex design with dual front-firing ports
- Installer-friendly features with a variety of connections and controls
- Magnetically attachable cloth grille
- Satin black ash wood veneer finish

GENERAL SPECIFICATIONS	
Type:	1000W RMS powered subwoofer
Low Frequency Driver:	12-inch (300mm) black pure-pulp cone, cast frame woofer with 4-inch (100mm) voice coil
Controls:	Auto Power, Crossover, Level, Polarity, Single-band parametric EQ
Inputs:	2x RCA (unbalanced), 2x XLR (balanced)
AUDIO SPECIFICATIONS	
Frequency Response:	24Hz – 20kHz (-6dB)
Crossover Frequency:	50Hz - 150Hz (variable) 24dB/octave, LFE selectable
PHYSICAL SPECIFICATIONS	
Finished Dimensions with Grille (H x W x D):	21.7" x 16.9" x 20.5" (550mm x 430mm x 522mm)
Finished Dimensions without Grille (H x W x D):	21.7" x 16.9" x 19.1" (550mm x 430mm x 484mm)
Product Weight:	104.5lb (47.4kg)
Shipping Weight:	122.6lb (55.6kg)
Enclosure type:	Bass-reflex design with dual front-firing ports
